**Engineering & Architecture Employment Forecast
(Source: Bureau of Labor Statistics: Occupational Outlook Handbook, 2006-2007)**

- The number of engineering graduates should be in rough balance with the number of job openings through 2014, with sustained demand from the manufacturing industry and an increase in need from faster growing service industries.
- Employment of architects is expected to grow between 9% and 17% through 2014 due to industry growth and the need to replace retirees and others who transfer to other occupations or stop working for other reasons.
